

Accomplishments

- Influential in obtaining significantly higher winter time lake levels, earlier spring fill and later fall draw down for Lake Nottely. This by working with our elected officials (congressmen and senators) and members of the congressional oversight committee to have the TVA conduct a formal review of their water management policies and reservoir operation schedules.
- Influential in getting a dedicated GA DNR officer and patrol boat assigned to Lake Nottely.
- Worked with the DNR & USFS annually to place fish attractors throughout Lake Nottely to improve the fish habitat.
- Collaborated with the TVA, USFS and Union County on the management of the public lands surrounding Lake Nottely.
- Assisted the HRWC in collecting monthly water samples from many Lake Nottely tributaries. Samples sent to UNC Asheville for analysis and results shared with the TVA and Union County for monitoring.
- Removed hundreds of pounds of trash and debris semi-annually from the lake environment.
- Picked up hundreds of pounds of trash quarterly along GA-325 by the Lake Nottely dam that may have otherwise ended up in Lake Nottely.
- Held two educational meetings each year.
